

THE DOING WELL SERIES

Women Doing Well (WDW) is a community of Christ-following women who are aligning purpose, passion, and plan for an integrated and generous life. We believe that life is richer and more meaningful when you have confidence in your purpose, know what you are passionate about, and have a plan to live and give well. The Doing Well Series is a place where women are free to grow and learn what wholehearted generosity looks like.

The WDW Pathway has three phases: Ignite, Grow, and Activate. Each offers a six-week course of unique, interactive content designed to foster community and help you discover, grow, and activate your unique generosity. It's simple. Meet once a week for an hour in a safe, neutral environment. This is not a fundraising experience, and nothing will be asked of you.

Course I: Ignite Community

Have you ever wondered what is your “why”? Or perhaps, like other women, you have felt purposeless, uncertain in a life transition, or alone in decision-making. If any of those resonate, the Ignite Course is a great fit. This course will introduce you to your unique two-word purpose statement, invite you to explore your passions with other women, and begin to understand the power of a plan.

Course Highlights:

- Define your unique two-word purpose statement
- Understand what your passion really is
- Gain greater understanding of God’s lavish generosity and what it looks like to trust him in the midst of hardship, worry, or when it feels like there isn’t enough
- Get encouraged by other women on the generosity journey

“I have enjoyed the Purpose Passion Plan program. Exploring our gifts, talents, and personalities has been so interesting and helpful in developing a purpose statement.” – Ignite Participant

Course II: Grow in Confidence

Do you struggle with fear, anxiety, and feeling you're not enough when you think about offering more of yourself and your resources to the world? Following the Ignite Course, Grow in Confidence will clarify who you are in God, what you have, and how to leverage it for the benefit of others. As you journey through this course you will build courage and confidence, gain tools for greater generosity, and found space to reflect on who God made you to be.

Course Highlights:

- Gain freedom through knowing your identity in Christ
- Understand what holds you back from giving wholeheartedly
- Find your giving personality
- Develop a framework for discovering what we steward

"The classes were wonderful! Wonderful to meet women across the country, and together taking a thoughtful and Spirit-filled dive into our purpose, how to use our gifting, and the practice of generosity. I highly recommend!" – Grow Participant

Course III: Activate Generosity

Our final course on the wholehearted pathway will bring everything together—purpose, passion and plan—and align them for a life of wholehearted generosity. The Activate Course will give you practical and tangible ways to take a step toward impacting the world with all that God has uniquely made you to be.

Course Highlights:

- Experience integrated wellness for wholehearted generosity
- Learn strategies to live and give with purpose
- Discover your unique giving values
- Story-building workshop: What is your generosity story?

“Just finished the series. It was amazing, It has reshaped my kingdom walk, created new ways of looking at serving and generosity. Also loved linking up with other women. It was fun [and] encouraging.” – Activate Participant
